

# The Light of the Lord

Reverently ♩ = 88-96

1. The light of the Lord Does not des - pair,  
2. In dark - en - ing days Of plague and war,  
3. The whis - per of love Can lift us up  
4. We dwelt in the dust Where blind men grope

Does not de - part. How bright is the word  
Of fa - mine's blight, Bright cha - ri - ty says  
So we can see The sac - ri - fice of  
And long for sight. Now, true to his trust,

Of love and care With - in our heart.  
What life is for, What path is right.  
The bit - ter cup That set us free.  
We rise in hope And live in light.
