

# Morning Hymn

*Prayerfully* ♩ = 72-76

1. Will this morn - ing show the way That leads us from this drea - ry scene  
2. Will this eve - ning when we pray Be joy - ful for the good we've done  
3. Will to - mor - row be the day When in a glor - ious burst of light

To him who knows our hid - den worth, Whose blood can make us clean?  
For love of him whose mor - tal birth And death have made us one?  
The Sa - vior comes a - gain to Earth To end the reign of night?
